

PRESS RELEASE

JOINT STATEMENT: THE CYBER SECURITY AUTHORITY AND EY GHANA

The Cyber Security Authority (CSA) and Ernst & Young Ghana (EY Ghana) have had constructive engagement concerning matters relating to the licensing requirements for the provision of cybersecurity services.

The parties have undertaken discussions and taken steps to clarify and address matters relating to licence fees and the associated administrative requirements. Subsequently, regulatory issues between the CSA and EY Ghana have been satisfactorily resolved.

The CSA and EY Ghana value the constructive and collaborative approach that has resulted in the resolution of these regulatory issues, and both parties remain committed to supporting Ghana's cybersecurity regulatory framework.

The Cyber Security Authority reiterates that its objective is not only to enforce compliance but also to support organisations in understanding and meeting their regulatory obligations. The CSA remains committed to building a secure, resilient and trusted digital ecosystem through effective regulation, responsible industry participation and strong enforcement of Ghana's cybersecurity laws.
